

Our members are precious to us.

You are why we are here. You are why The Carmel Foundation, after 73 years, continues to offer a multitude of programs, all designed to help you thrive. For you, we provide a wide array of classes and activities, meal programs and even low-income housing. And we are able to do it because of you.

We work hard to make our programs affordable and accessible to all. As such, each program runs at a deficit. As we do not accept government funding, we rely on the generosity of people like you to sustain these programs, ensuring they are here for you now and into the future. Our annual ***Giving From the Heart*** campaign is designed to help fill the gap. We hope that you will consider giving something that is meaningful for you – something that reflects, perhaps, how meaningful the Foundation is to you.

Our mission to facilitate successful aging has never wavered. Our programs, now and then, are vibrant and growing every day. And we are able to do it because of you.

Sincerely,

Holly Zoller
