Happy 4th of July!

Carmel Honey Company– Honey, Bees and Pollination!

Time: Wednesday, July 11, 2:30pm

Carmel Honey Company grew out of a passion for bees and good grades. This company began as a student's "real world" homework assignment in 5th grade and he not only got an A on the project, but created a business! Come learn about how critical the honey bee is to our future, their honey production, nutritional value, health benefits, economics, and the importance of pollination and honey to honey bees.

Conservatorships and Seniors, Resources and the Law

Time: Wednesday, July 18, 2:30pm

This dynamic and informative workshop will provide a wealth of information regarding conservatorship law and demonstrate how various agencies and organizations work together to protect those who are impaired. Attendees will learn the differences between LPS Conservatorships, Limited Conservatorships and Probate Conservatorships and will learn about the legal requirements for each. Moreover, attendees will have an opportunity to ask questions of the panelists who include: Neuropsychologist, Dr. Patricia McKeon; Conservatorship Law Attorney, Lori Espinoza, Diana Midkiff, Deputy Public Guardian and Vicki Nelson, End of Life Education Consultant.

Monterey Bay Village Looking Ahead Wellness Series – Important Discoveries of Functional Medicine

Time: Wednesday, 25, 2:30pm

Many diseases and medical conditions have one thing in common: inflammation! Functional Medicine is a medical field that focuses on reducing inflammation through specific medical and life style approaches. Join Shehab Saddy, MD, Internist and Geriatrician, as he discusses the remarkable benefits and improvement in health of an individual by medical findings and practices of Functional Medicine through scientific studies over recent decades.
