

The Carmel Foundation Wednesday Programs

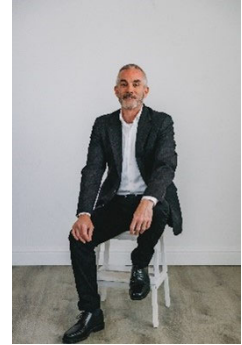

February 2025

Refreshments Served Immediately Following the Program

February 5 - Monterey Peninsula Real Estate Market Assessment & Mortgage Insights

Discover how every real estate purchase shapes the future of Carmel and the surrounding Monterey Peninsula! Join Jeff McMullen, Team McMullen Crosscountry Mortgage and Patrick Ryan, Broker Associate Sotheby's International, for an insightful discussion on the current state of the Carmel, California real estate market. Come hear about the latest market trends and challenges, including affordability and inventory levels specific to Carmel. Insights into the current mortgage market and what it means for buyers and sellers in our picturesque coastal community. Whether you're curious about the housing market, concerned about community affordability, or want to stay informed, this program will offer valuable perspectives. Don't miss this opportunity to explore how real estate decisions influence the charm and character of our community, the place we call home!

February 19 - A Sentimental Journey: Big Band Hits of the '30s and '40s

Travel back to the golden age of music as Luke Martin takes you on an unforgettable journey through the Big Band hits of the 1930s and 1940s. Enjoy timeless ballads, lively tunes, and a special sing-along segment, all delivered with Luke's signature style and engaging stage presence.

This heartwarming program is perfect for setting the Valentine's mood, featuring romantic love songs and nostalgic melodies. Don't miss this unique celebration of an era that continues to inspire and uplift.

February 26 - Urgent Messages From Just Up the Road "Plan B"

Join Gerontologist and Death Doula David Hahklotubbe. No one has ever told a compelling story about how "Plan A" worked out. After 25 years of helping people die, a death doula shares his secret to navigating life and the difference between existing and living. Often humorous, these deep lessons of overcoming adversity, the importance of versatility and adaptability and the life-long lesson from a not-so-average day at the beach will have you laughing in the moment but thinking hard for days to follow.
